

“Theology of The Body Conference to Educators”

NFP Outreach National Summer Institute at Benedictine College

July 11-12, 2011

“Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other;” and, “It is Religion and Morality alone which can establish the principles upon which Freedom can securely stand. The only foundation of a free Constitution is pure virtue, and if this cannot be inspired into our people in greater measure than they have it now, they may change their Rulers and forms of Government, but they will not obtain a lasting liberty.”

-Second President of the United States and Founding Father, John Adams

July 11-12:

Marriage Prep Leaders, Health Science & Christian Educators (College Credit Available)

Keynote Topic:

Dr. Janet Smith, Chair of Life Ethics, Sacred Heart Major Seminary will discuss how children make parents grow up. (July 11)

What Is Our Focus?

Our focus is to renew American culture by creating supports in society for virtuous living and to create a greater atmosphere of respect for husbands, wives, and their families.

Communication can very easily become manipulation within marriage. Only the development of the virtues can help us to live out being authentic gifts to and for one another. This process of development and growing together is not without suffering. To truly grow in love sometimes means having to pass through suffering.

Our focus is to teach the importance of the virtues for realizing our humanity and growing in the likeness of God who suffered for love of us. Please join us and help others lay the right foundations for successful and happy marriages. The conference will move educators through the best of Christian anthropology to the best of spirituality, psychology, and practice.

Register Four Paying Participants, Get the Fifth Free!

Individual Tuition is \$200
